The second primary goal is to insure each student has sufficient practice in a clinic environment to refine the job skills. The Esthetics program teaches students a scientific approach to corrective and protective skin care. This course may be taken with Fundamentals and Skin Clinic as a specialty course for a diploma (Graduation certificate) or used with Fundamentals & Skin Clinic as an elective to the Hairdressing Program. A license is available in Pennsylvania and this course will cover exam preparations. Esthetics prepares the student to enter the Skin Clinic to be a profitable professional esthetician.
